

Recovery Counsellor 80 – 100%

NEOVIVA is a new medical-psychotherapeutic boutique clinic in the upscale segment. We treat clients suffering from problematic substance use and associated mental disorders. Our treatment concept follows an internationally recognized model. The clinic is elevated on the shores of Lake Lucerne (Canton Lucerne) and is available to English-speaking clients from Switzerland and abroad. NEOVIVA follows an abstinence- and recovery-oriented approach. Our clients undergo a high-intensity, group-based psychotherapeutic program using evidence-based methods for a minimum of four weeks. NEOVIVA is licensed by Swiss Authorities and Switzerland's only international, highly specialised and group-based addiction treatment clinic.

We are currently seeking to start immediately or by agreement several **Recovery Counsellors**.

Your profile

- At least 10 years of continuous abstinence
- Active participation in mutual aid groups (AA, NA, etc.)
- Deep understanding of your own recovery process and the ability to share about it in a differentiated way
- High level of professional and personal competence as an "expert from experience"
- Ability to work in a multi-disciplinary team under medical leadership
- Training or certificate in Counselling would be an advantage
- You can approach other people empathically and without bias
- High social competence, appreciative attitude and empathy to deal with culturally diverse and international clients
- Excellent command of English (C2 professional proficiency), other languages are an advantage
- Must be eligible for a work permit in Switzerland (CH/EU-/EFTA nationals)

Your tasks

- Participating and co-moderation of group therapy sessions
- Supporting clients in treatment during breaks and leisure activities
- Supporting clients in their transition and return to home in all recovery-related aspects
- Planning and organisation of client's attendance at 12-step meetings
- Driving and accompanying clients to 12-step meetings if necessary
- Responsible for client pickups (and drop-off) at their port of arrival (airports, train stations)
- Organizing and supervision of overnight, on-call and weekend duties
- Participation in clinical meetings
- Supporting the client relations and clinical team if necessary
- Reporting of treatment-related activities in the medical health record software

Your application

We are a young company with a modern and future-oriented attitude at an exceptional place of work. You will have the opportunity to contribute to an innovative treatment concept. Please send your electronic CV with photo along with a letter of motivation and relevant diplomas to oliver.neubert@neoviva.com. For more information call +41 58 100 08 02.
